EDUCATION

Indian Institute of Information Technology, Kota

2023 - 2027

B.Tech in Electronics & Communication Engineering (ECE)

• JEE Mains Percentile: 95.42

TECHNICAL SKILLS

Programming: C, C++, Java, Python, JavaScript, TypeScript, HTML, CSS, SQL

Web Technologies: React, Node.js, Express.js, Bootstrap, REST APIs, Tailwind CSS

AI & Data Science: Neural Networks, NLP, Generative AI, LLMs, Pandas, NumPy, Vector Databases

Tools: Git, GitHub, VS Code, Vite, Flask, MongoDB, Postman

PROJECTS

LUX-CashBook (Premium Personal Finance)

| [React](#), [Node.js](#), [MongoDB](#), [Zustand](#)

- Architected a comprehensive personal finance system featuring multi-wallet management and cash books.
- Implemented offline-first architecture with automatic background sync and PDF statement generation.

AI Career Mentor

| [React](#), [Python](#), [Flask](#), [NLP](#), [TF-IDF](#)

- Developed an AI platform that parses resumes using NLP to identify skill gaps against 60+ job roles.
- Integrated a Python/Flask ML backend with a Node.js REST API to deliver personalized learning paths.

Full-Stack E-Commerce Platform

| [MERN Stack](#), [JWT](#)

- Built a scalable commerce platform with secure JWT authentication and role-based access control.
- Engineered atomic cart operations and RESTful APIs to prevent race conditions during order placement.

ACHIEVEMENTS & LEADERSHIP

- Solved 500+ Data Structures & Algorithms (DSA) problems across LeetCode, Codeforces, and CodeChef.
- Sports Secretary (IIIT Kota): Coordinating campus sports events and building a collaborative community.
- Team Leader (Smart India Hackathon): Led a team to analyze problem statements and design solutions under strict competitive timelines.
